Our claims commitment

As an insurance company, we expect to pay out claims. Our premiums are designed to reflect the degree of risk and the probability of a claim as well as the terms of cover provided. In general, the wider the provided cover, the higher the premium. Indeed, this is why it is important to take the advice of an insurance broker or agent when considering insurance and to also read the proposed policy wording before entering into your insurance contract. Doing so will help to ensure the cover meets your expectations.

QBE claims services is a key part of the QBE Vietnam customer-oriented approach. Our team works directly with our clients or the insurance agent / broker to provide a range of consistent and professional claims services.

Our claims services team has a wealth of experience in the local market as well as extensive knowledge in claims handling and processing. Our team can help you and/or your business get back to normal operations in the shortest possible time.
